Donna Rogers
Programme Administrator
The Rising Foundation

Kia ora,

The Rising Foundation has been apart of our student support for 9 years and is a very important part of our kura. Currently we have around 60 students involved, and this number is growing. This year we are highlighting the ambitions of our students and our term 2 theme is all about vision; exploring with our students what it takes to create a vision, plan, organise, action and make their visions a reality.

Our goals for the year are to create a deeper connection and understanding with ourselves, others around us and our environment and also create a deeper connection between all year levels and groups in our Pukekohe Cohort. We aim to build on our core values of whanaungatanga, kaitiakitangi, and manaakitanga and strengthen them through the foundation.

Recently, we enrolled a student from another school who had been through the Rising Foundation in a different school and she was really pleased that she would be able to continue the connection at PHS. We are very grateful for the care and opportunities our students receive through the foundation and we look forward growing this in 2022 and beyond.

Ngaa mihi,

Richard Barnett
